

ROLL IT TO ME

Read a book about travel with wheels, such as **Freight Train** (Donald Crews).

As you read together, talk about:

Let's find all the wheels on the page.

Use your hands to show how wheels spin **around**.

Why do you think wheels are **round**?

Stand up and spin like a wheel!

Find out what rolls when you and your child are doing chores around the house.

ROLL IT TO ME

Talk about things that roll.

Let's look for something **round** to roll.

Find something **flat** that doesn't roll.

Put a sticker on a **tube**.
Slowly roll the **tube**. Why does the sticker disappear sometimes?

Roll the **tube** so we see the sticker.
